

The Liphe Balance Center
presents:

Melchizedek Garment of Light: Healing for Turbulent Times

with Gene Ang

This evening course is designed to attune you to a healing frequency mediated by the Higher Being known as Melchizedek. The healing frequency is called the Melchizedek Garment of Light and can be used in many different settings to achieve wholeness, balance, and unity. There are two 45 minute transmissions during the class carried out from the Divine Source, through Higher Angelic Beings, and in particular through Melchizedek.

These transmissions will build a specific garment of light into your consciousness and subtle bodies mediated by Melchizedek. Because of the condensed nature of this class, we will be asking the Higher Beings to imbue our subtle bodies with as much light as possible. The Melchizedek Garment of Light imbues your aura and subtle bodies with thousands of different light frequencies and raises the overall vibration of your consciousness. It also allows you to stay in resonance with Melchizedek and the angelic beings associated with this Spiritual Being. After receiving this transmission, you will then be able to channel this frequency for others and build their Melchizedek Garment of Light.

After the attunements, there will be a demonstration and practice on how to use this healing frequency for 1) individuals 2) groups and 3) global and galactic healing.

The Melchizedek Garment of Light class and healing frequency is good for:

- 1) Healers who want to work with a new healing frequency.**
- 2) People who want to make or deepen their connection to the Divine through Melchizedek.**
- 3) People who want to work or do service on a multi-dimensional, world, and/or galactic level.**
- 4) People who want to help the planet with an effective energy tool during these upcoming challenging times.**
