### Awakening the Seed

As we enter 2014 we will be gifted with many opportunities to remember who we are and the purpose of our soul incarnating at this time. This Year known as **The Year of the Seed of Life**, the sacred symbol of the Flower of Life and the Vescia Pisces will be of great importance as we continue to gain insight into who we are and what we have come here to be. The seed we carry within our heart, will blossom and changes set in motion in 2013 will manifest. We will be entering the second year of a spiritual window of powerful changes that energetically began with the 12:21:12. Through the practice of shamanism, dragon magick and working with sacred sounds, one can access the dormant memory of our soul's purpose and continue to access the secret knowledge of the past civilizations on living in a harmonic and balanced state of being.

The "**Seed of Life**" is formed from seven circles which creates the basic component of the Flower of Life's design. Working with sacred symbols is a part of the work of Alchemists and are found throughout the world in places of worship, serving as a hidden messages within the works of the Masters.

Throughout the day you will experience sacred ritual and ceremony working

- Throughout the day you will experience sacred ritual and ceremony working with the hidden knowledge of sacred symbols.
- **Gain an understanding of the energies available as we enter 2014** and how to work with the higher frequencies of a **seven** year. **Seven** is a 'magickal' number. The number of the occultist, the alchemist, the number of secrets, myth, earth religion, ritual, and ancient knowledge.
- Experience the **energetic shift** and the importance of vibrational healing and sound for the coming year as you experience the healing attributes of working with the dolphin and whale frequencies.

- **Gain an understanding of working with High Frequency Essential Oils** - Essential oils serve the same function in the plant as blood does in the human body. Their complex chemical constituents cleanse, protect, oxygenate, nourish, and offer many therapeutic benefits.
- Your **challenge** is to overcome your personal obstacles, many tools will be shared to support you through this process.
- Your **purpose** is to experience spiritual growth, insight can be obtained as you experience the obsidian stone being to reset your personal timing and activate your soul memory.
